## **DETAILED ACTION**

### ***Allowable Subject Matter***

Claims 1-7 are allowed.

### ***An Examiner's Statement Of Reasons For Allowance***

The following is an examiner's statement of reasons for allowance:

The invention is related to a method of fabrication of aluminum gallium nitride semiconductor device. The primary reason for the allowability of claims 1-7 is the inclusion therein, in combination as currently claimed of the limitation of fabricating aluminum gallium nitride semiconductor device comprising inter alia the following limitations: Forming a protection film having an opening and containing silicon on a first semiconductor layer of aluminum gallium nitride; and heat treating the first semiconductor layer in an oxidizing ambient at a temperature range adjusted to be at 950 °C or more and 1050 °C or less. The limitations found in claims 1-7 are neither disclosed nor taught by the prior art of record, alone or in combination.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
